UNITED STATES SUPREME COURT RECORDS AND BRIEFS

Part Five

1890 - 1896

Preface

The Records and Briefs contained in Part Five are arranged in a sequence which parallels the reporting of the opinions of the Supreme Court in the Tables of Cases of United States Reports.

The index of Part Five is arranged so that the cases of each volume in the Records and Briefs are keyed to the pages in the United States Reports in which these cases appear.

Also, the Records of each case include an internal index, and the Briefs follow the Records in sequence for each case. Illustrations can be found at the end of each reel in which they occur, and their locations in the original text are noted in the film. Some pages in the original documents were found to be damaged, but such pages form an incalculably small percentage of the total.

The Records and Briefs of the Supreme Court of the United States were produced by Scholarly Resources in cooperation with the Jenkins Memorial Law Library of the Pennsylvania Bar Association. We would like to again express our thanks to the Jenkins Library for permitting the use of its set of the Records and Briefs, thus making this important source available to lawyers and scholars everywhere.
